

CONNECTION FEE

Individual Residences and Businesses

Property owners of individual residences and businesses will be charged the fee based on tap size, shown in Table 1, to connect to the existing distribution system.

Subdivision Extensions

A system development fee for extending the water main to subdivisions will be charged at \$1,500.00 per house lot up to a maximum of the connection fee based on tap size shown in Table 1. System development fees will be billed to the owner of the property being subdivided.
