

Rye Water District Water Main Flushing Notice

Notice: The Rye Water District will be performing their semi-annual water main flushing starting April 1 2024 to May 10 2024 for the purpose of removing sedimentation build-up in the water mains. You may experience low pressure and/or discolored water periodically from this procedure. Questions & Concerns call- Superintendent Arik Jones (603) 817-1344. You may also visit our website (www.ryewaterdistrict.com) for additional information on specific dates & areas of flushing. Specific areas to be flushed will be posted weekly and normal hours of operation are 9:00 am to 4:00 pm.
